Muscle Car 10W-30

Mineral oil based engine oil

Product Description:

Classic Muscle Car 10W-30 is a low viscosity multigrade engine oil, suitable for many American V8's of the 1960's and 70's. Classic 10W-30 is manufactured from selected base oils and a carefully balanced additive package to produce a modern oil that is properly suited to the needs of the older V8 engine. It offers good low and high temperature stability and stay in grade performance to perform well even in very hot engine bays.

Benefits:

- The correct viscosity for many classic American V8's
- Higher flow rates than 20W50 oils to promote cooling
- High zinc levels to protect your camshaft

Applications:

Muscle Car 10W-30 is suitable for normally aspirated diesel engines and petrol engines in passenger cars and vans. It is miscible with all synthetic and mineral based engine oils.
